The book begins with an overview of the early history of Arab television, from its beginnings in the 1950s to its emergence as a major force in the Arab world by the 1970s. Windham discusses the key players in the development of Arab television, including the Egyptian government, which played a major role in the early days of the industry, and the Gulf states, which have become major investors in Arab television in recent years.

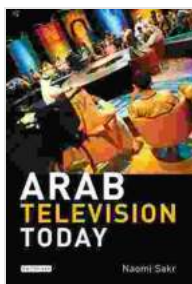

Windham also examines the different types of programming that are produced by Arab television channels, from news and current affairs to drama and entertainment. He discusses the challenges that Arab television producers face, including censorship and the need to balance commercial and political interests.

One of the most interesting chapters in the book is the one that discusses the role of Arab television in the Arab Spring uprisings. Windham argues

that Arab television played a major role in mobilizing the Arab public and shaping the course of the uprisings. He also discusses the challenges that Arab television faces in the post-Arab Spring era, including the rise of social media and the increasing influence of Gulf states.

Arab Television Today is a valuable resource for anyone who wants to understand the Arab media landscape. Windham provides a comprehensive overview of the industry, from its history to its current state, and he offers insightful analysis of the challenges and opportunities that Arab television faces.

Arab Television Today is a must-read for anyone who wants to understand the Arab media landscape. Windham's book is a comprehensive and insightful look at the industry, and it provides valuable insights into the challenges and opportunities that Arab television faces.
