What is the Divine Trio?

The Divine Trio of astrology consists of the Sun, Moon, and Ascendant. These three celestial bodies are said to have a profound influence on our lives, and by understanding their meaning, we can gain a deeper understanding of ourselves and our potential.

The **Sun** represents our essential self, our core identity. It shows us who we are at our core, and what we are meant to achieve in life.

The **Moon** represents our emotions, our inner world. It shows us how we feel and react to the world, and what our needs are.

The **Ascendant** represents our personality, our outer self. It shows us how we appear to the world, and how we interact with others.

How to Interpret the Divine Trio

To interpret the Divine Trio, we need to look at the sign and house that each planet is in. The sign tells us about the planet's essential nature, while the house tells us about the area of life that the planet is influencing.

For example, if the Sun is in the sign of Aries, it means that your essential self is fiery and passionate. You are a natural leader, and you are always up for a challenge. If the Sun is in the 1st house, it means that your personality is extroverted and confident. You are comfortable in the spotlight, and you are always looking for new opportunities.

By understanding the meaning of the Divine Trio, we can gain a deeper understanding of ourselves and our potential. We can learn how to use our strengths to our advantage, and how to overcome our challenges. The Divine Trio is a powerful tool for self-discovery and personal growth.
