In Expiration Date, Wilson takes us on a breathtaking journey through a world of danger, suspense, and intrigue. The story follows the lives of two seemingly unrelated individuals: a young woman named Sarah and a seasoned detective named John.

Sarah is a brilliant scientist who has stumbled upon a groundbreaking discovery—a revolutionary medical device that could save countless lives. However, her excitement quickly turns to terror when she realizes that her invention has attracted the attention of a ruthless organization that will stop at nothing to possess it.

Detective John is a jaded cop who has seen it all. But when he is assigned to investigate the disappearance of a scientist, he finds himself drawn into a dangerous game of cat and mouse. As he digs deeper into the case, John uncovers a web of corruption and conspiracy that reaches the highest levels of power.

As Sarah and John's lives intertwine, they must race against time to expose the truth and stop the sinister forces that threaten to destroy everything they hold dear. Along the way, they will encounter a cast of unforgettable characters, each with their own secrets and motives.
