The book begins by examining the foundations of Muslim ethics in the Quran and the Sunnah. The author argues that the Quran and the Sunnah provide a rich and comprehensive framework for ethical decision-making. However, he also acknowledges that there are a number of ethical

challenges that Muslims face in the modern world that are not explicitly addressed in the Quran and the Sunnah.

In the second part of the book, the author explores some of the specific ethical challenges facing Muslims in the modern world. These challenges include issues such as abortion, euthanasia, and homosexuality. The author argues that Muslims need to develop new ethical frameworks for addressing these challenges that are both faithful to the Quran and the Sunnah and relevant to the contemporary world.

In the third part of the book, the author proposes a new ethical framework for Muslims in the modern world. This framework is based on the principles of justice, mercy, and compassion. The author argues that this framework can help Muslims to address the ethical challenges they face in the modern world in a way that is both faithful to their religion and relevant to the contemporary world.

Muslim Ethics and Modernity is a timely and important book that provides a much-needed exploration of the ethical challenges facing Muslims in the modern world. The book is a valuable resource for anyone interested in Muslim ethics, Islamic studies, or the relationship between religion and modernity.
