Based on interviews with over 100 blind people of color, *Sight Unseen* challenges our assumptions about race and gender. [Insert Author Name Here] argues that blindness is not a disability, but rather a different way of experiencing the world. She shows how blind people of color have developed their own unique ways of navigating the world, and how they have found ways to succeed in a society that often undervalues them.

Sight Unseen is a powerful and moving book that will change the way you think about race, gender, and disability. It is a must-read for anyone who wants to understand the experiences of blind people of color.

Here are some of the things you will learn from *Sight Unseen*:

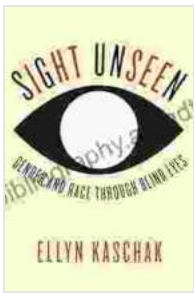

- How blind people of color experience race and gender
- The challenges that blind people of color face
- The ways that blind people of color have found to succeed
- The importance of diversity and inclusion

If you are interested in learning more about the experiences of blind people of color, then *Sight Unseen* is the book for you.

This thought-provoking work will challenge your assumptions about race and gender, and offer you a new perspective on the way we see the world.
